YOEMEN CONFERENCE FAVORITES

"NINE OLD MEN"

While the politicians ran riot over the country side last week, making speeches without number and pledging the voters this and that, nine old men gathered in the new, stately Supreme Court building in Washington to resume their deliberations after a four months recess.

The candidates may promise as they please but in the end it is what the justices of the Supreme Court say that has the final authority. They have not dealt favorably with much recent legislation and they have been heavily criticised but, in main, they retain the confidence of the people of the nation.

This does not mean that The Herald agrees with the opinions of the Court in every instance, or that the majority of the people agree with what they decide. It simply means that the people of the United States prefer a rule of law and that they are willing to proceed by legal methods to accomplish their aims.

The court will not render any decisions on the various cases before the early part of next month. It may pass upon motions for new hearings on several issues, notably the New York minimum wage law, which was recently held unconstitutional. In this case the Court is hopelessly out of step with popular opinion, which is clearly demonstrated by the fact that both President Roosevelt and Governor Landon have spoken in favor of the law.

Citizens generally should bear in mind that the Court was created as a part of a three-way system of government and was intended to act as a brake upon a too rapid alteration of our fundamental laws. It has certainly fulfilled its role in this respect but as years fly by, the will of the people of the United States will be enacted into law and upheld by the United States Supreme Court.

It is haste that causes most fatal automobile accidents.

This is the conclusion to be drawn from an analysis of figures collected by statisticians of the Travelers Insurance Company.

The figures related to accidents occurring last year and were obtained from official sources in various centers. They dealt particularly with fatal accidents of the kind in which the driver was at fault. In 33 per cent of these cases, the driver was found to have been exceeding the season when the spirits of the deluded with respect to the driver's trying to take the right-of-way when he was not entitled to it. In more than 5 per cent of the cases, the driver was guilty either of passing a standing street car, cutting in, passing another car on a curve or hill or passing on the wrong side. Cases in which the driver went completely off the highway amounted to more than 18 per cent. Nine per cent of the accidents were charged simply to reckless driving.

The various causes listed when lumped together, the insurance company statisticians emphasized, could be labeled "heedless, needless, haste."

In other words, more than 90 per cent of the accidents studied were caused by drivers being "in a hurry"—their over eagerness to get some place or to no place in particular.

The lesson is very plain—less hurry and less speed.

It would be very pleasing if drivers themselves would apply voluntarily the remedy shown to be needed. If they will not—and it seems they won't—the duty rests with the authorities. Let penalties which really be felt be applied in every case of speeding or reckless driving. This ought to bring about an improvement in conditions.

Do we love our country? Are we willing to do anything for it? Is our affection for our nation anything more than a bit of idle sentiment, that never accomplishes anything? Such questions are answered at every election day. It is then that people show whether love of country has

ONE DEAD FIVE INJURED IN NIGHT ROAD ACCIDENT

The toll from auto crashes on Milam county highways continued to mount this week as the body of 17 year old Anton L. Lawhorn was taken from the wreck of the family car about five miles south of Rockdale Friday night.

Mr. Newton said he smashed the machine before he discovered its presence as no lights were visible. The car with the Lawhorn family was thrown clear of the highway and into a ditch. Anton L. Lawhorn was rushed to medical aid in Rockdale but was dead before he reached the city.

Four other occupants of the car were injured but none seriously. Mrs. Katie Lawhorn, mother of the youth, was driving the car. Others in the machine were Pete Pernitz, William Lawhorn, L. C. Lawhorn and a small girl, member of the family, who had been taken to Rockdale for medical treatment. The family was returning to their home south of Rockdale.

TAYLOR VICTORY GIVES MAROON LONG LEAD

The Cameron Yoemen defeated the Taylor Ducks in Taylor last Friday night by a score of 19 to 0 in the football classic of the season. The Yoemen fought through this game with more spirit and courage than local fans have witnessed on any district 26 gridiron this fall.

Both teams played heads up football with the Yoemen getting their first break early in the second quarter when Taylor fumbled the ball after crossing the goal for a touchdown, tossing the ball into the hands of Luther Poole, star Yoeman lineman, who passed the ball back to Captain Mode who ran 102 yards for a touchdown. In the latter part of the third quarter, Heath, Yoeman center, intercepted a forward pass and ran 58 yards for a touchdown and in the fourth quarter McLean heaved a long forward pass to Underwood who crossed the Duck's goal for the final score of the game. Following the second touchdown, Turner kicked goal for the extra point.

evils in time of peace, even more than by the losses caused by war.

Such evils as dishonesty, corruption, lawlessness, crime, poverty, vice, are affected by the acts of government. Efficient government in the hands of competent and honest officials, goes far to suppress these evils, but if the other kind of people get in, these evils are tolerated, and often are positively encouraged.

The country then calls on every citizen to go to the polls at each election, and exercise the best judgment possible in selecting candidates who will worthily represent the people. Staying away from the polls on election day is thus a refusal to respond to the call of the country.

Some people forget to vote. The polls closed before they remembered that it was election day. Voting should be the first business on November 3. Don't wait until the party workers telephone for you or send an automobile after you. Get there at the earliest possible moment, and ask your neighbors if they have

voted. The people seldom make mistakes, when the full vote comes out.

It might be remarked at Halloween time, that that occasion was once the field day for all ghosts. As the season when the spirits of the departed were supposed to wander abroad, Halloween was a favorite time for telling ghost stories. The company gathered about the fire on the hearth listened to many such a tale of returned spirits. Those were unsophisticated times, and many people's hair would stand on end as they heard these tales of headless horsemen and supernatural knockings.

About all we have left of the ancient tradition of ghosts, which once caused terror to the mind of man, is found in the modern doings at Halloween. The pretty capers of the kids with their lanterns and freak costumes have taken the place of the ghostly presences at which men and women used to faint in terror.

And the boy who tips over your garbage pail, or who rings your door bell, has taken the place of the fateful visitor before whom our grandparents quailed. It is well to get of useless superstitions, but if the boys carry their ghostly conduct so far as to destroy property and make householders a lot of trouble, the need a ghostly visitant in the shape of material slipper.

If he alive, Jesse James of the James Boys would be 90 years old this month, much to his surprise.

AS A USUAL THING, he is "such a regular guy." He comes home from school full of pep and energy. Of course you want him that way always. But are you protecting his health and safety during the few short months of winter when he must spend his evenings indoors?

That uncomfortable "stuffy" feeling . . . dullness . . . lowered vitality . . . headache—these are some of nature's ways of complaining against improper heating and insufficient ventilation. These are the warning signals that America's Public Health Enemy Number One, the common cold germ, has found another fertile field in which to attack. For your health's sake and that of your loved ones do not wait for these definite signs of warning that the air indoors has become stale. Keep the air you breathe constantly purified with fresh oxygen through adequate ventilation in every room in the house.

Without oxygen man cannot live. Without oxygen, fuel cannot burn. Therefore, if your family "huddles" in

one or two rooms around an open flame heater during cold weather with the doors and windows tightly closed, you are violating all the rules of nature, good health and good heating. Sooner or later the occupants of the room and the burning fuel reduce the oxygen content to the point where the room air becomes stale. Without adequate ventilation and circulation the air indoors may become as foul and unhealthy as that of the tenement slums of large cities, even though your home may be the most beautiful in the neighborhood.

A simple and easy method of providing a constant circulation of fresh air is found by opening a window in each room slightly. Connecting doors left open between adjoining rooms when the entire house is adequately heated provide a natural circulation of pure warm air from one room to another.

Guard the health of your loved ones with adequate heat and proper ventilation of pure, warmed air in every room in the house.

spectacular return up to Cameron's 47 yard line.

Cameron's Ball

Trying to catch the Ducks off guard, McLean heaved a long forward pass to Underwood, who caught the ball, fumbled it for a moment, then dropped it. McLean was then thrown for a four yard loss by Buzan as he attempted a running play over right tackle. McLean again took the ball and lost a yard at center after which he kicked to Conoley who received the ball on his 15 yard line and returned to the 50 yard line.

Taylor's Ball

Cain took the pass from center and picked up 3 yards over right tackle. He was stopped by Gerick and Hatch. Following a 2 yard gain by Conoley over right guard, Cain lost 2 yards in an attempt to break through center. On the last down, Cain kicked across the goal.

Cameron's Ball

Turner took the first pass from center and was stopped by Buzan after gaining 3 yards at center. Following Peck who failed to gain at center on a spin play, McLean took the ball and also failed to gain at center. On the last down, McLean kicked out of bounds on Taylor's 25 yard line.

Taylor's Ball

Conoley took the ball and tried hard to find a hole in the solid Yoemen line but was tackled by Guess two yards behind the line of scrimmage. In the next play Cain tossed a short forward pass to Conoley which was good for 7 yards. Cain again took the ball, this time crashing over right guard for a 6 yard gain and a first down.

On the first down Conoley circled wide around left end gaining five yards before he could be stopped by Hatch. Conoley again took the pass from center and tried right end but was stopped for no gain by Poole, the scrappy Yoeman tackle. On the third down Cain circled wide around right end making a first down before he was finally cut down by Poole, after which he again gained 3 yards over left guard. Cain, still fighting hard, again tried right end and was again stopped by Poole before he could gain. On the next play, Cain succeeded in breaking loose around right end and ran for a first down.

Conoley relieved Cain, taking the ball for a yard gain on a fake play, after which he was thrown for a 4 yard loss at right end by Peck, followed by Hatch setting him down 3 yards behind the line of scrimmage. On the last down Cain kicked to McLean, who fumbled, and the ball was recovered by the Ducks on Cameron's 40 yard line as the first quarter ended.

SECOND QUARTER

Taylor's Ball

The Ducks started the second quarter fighting hard. First a complete pass from Conoley to Cain was good for about 15 yards and a first down, placing the ball on Cameron's 9 yard line, then Conley failed to

gain, after which he gained 5 yards at right end. Conley then made a desperate attempt to cross the goal line but was stopped on the 1 yard line by Hatch. On the last down with only one yard to go for a touch-down, Conoley hit center of the line and crossed the goal line, but fumbled the ball. Luther Poole caught the ball before it hit the ground and tossed it back to Mode who was standing two yards behind the goal line. Catching the Duck's off guard Mode was able to get into a broken field before they knew what was happening, and ran 102 yards for the first touchdown of the game. Turner failed to kick the goal for the extra point and the score was: Cameron 6 Taylor 0.

Cameron kicked off to Taylor with Poole kicking the ball to Conoley who took it on his 15 yard line and returned to his 42 yard line.

Taylor's Ball

On the first play, Conoley heaved a long forward pass to Conoley. It was complete and good for 20 yards. Conoley then picked up 7 yards over right tackle after which he was stopped for no gain by Poole. Cain then took the ball, gaining 2 yards on a fake play, following with a plunge through center, making a first down.

Cain took the pass from center on the first down and picked up a yard around left end. He was tackled by Gerick. Conoley then took the ball over left tackle for a first down and again through center for a one yard gain, after which he broke over right guard for a 5 yard gain. On the third down Cain picked up 2 yards through the center of the line on a fake play, following up with a long kick to McLean.

Cameron's Ball

McLean took the pass from center and circled wide around right end for a 7 yard gain after which he failed to gain at center. On the next play McLean again took the ball, got loose and made a short run down the field, finally being forced out of bounds on Taylor's 19 yard line. McLean then passed to Stach across the goal line. It was high and incomplete.

Taylor's Ball

On the first down, Cain picked up 5 yards over left tackle. He again took the ball and attempted to go through the center of the line but fumbled. Poole got the ball and ran for a touchdown but was called back because the ball had touched the ground on the fumble.

Cameron's Ball

McLean took the ball and circled right end for a 7 yard gain followed by Turner failing to gain center, but Cameron was penalized and the play went over with McLean kicking to Conoley who took the ball on the 50 yard line and was stopped in his tracks by Stach. Taylor was penalized and the play brought back with Turner failing to gain center as the first half ended.

SECOND HALF

The Yoemen kicked off to the Ducks with Poole kicking the ball to Heap who took the ball on his four yard line and was downed instantly by Poole who after kicking the ball

had rushed down the field to make the tackle.

Taylor's Ball

With the ball on Taylor's 4 yard line, Cain kicked to McLean who took the ball on the Duck's 31 yard line and returned about 8 yards.

Cameron's Ball

On the first down, a pass from McLean to Stewart was complete and good for a 7 yard gain. McLean then picked up 2 yards over left tackle after which he got loose but was forced out of bounds on Taylor's 19 yard line after making a first down.

On the first down McLean tried to pass to Stewart but it was incomplete. McLean then picked up 4 yards at center on a fake play, after which he went over right tackle for another 3 yard gain. On the last down McLean tried a pass to Stach across the goal line which was incomplete.

Taylor's Ball

Conoley took the pass from center, picking up a yard around right end following with a yard at right tackle. On the third down Conoley passed to Conoley. The pass was complete and good for a first down.

Again Conoley passed to Conoley, this time good for 9 yards. Cain then crashed through the center of the line for a first down. Conoley then took the ball for a 6 yard gain over center. He was stopped hard by Guess. NOTES BY THE COUNTY AGENT

Compliance

Measuring land under the Soil Conservation and Domestic Allotment Act is nearing completion in Milam County. All land should be measured by November 1.

The measurement made by the fifty Supervisors working in the field are being checked in the County office as rapidly as possible. Producers will be notified as soon as the acreage on their farms has been checked.

Pooled Certificates

The majority of checks for Pooled Certificates have been received and are being delivered in the county office. A complete statement is given each producer with each check. The statement shows the amount of certificates pooled, the amount sold, the amount of the check, and the amount of certificates unsold. The unsold certificates will not be re-issued to producers due to the fact that they are worthless and extra expense that would be incurred would only reduce the amount of money received. The producer should retain the statement which comes with his check as permanent evidence that he has unsold equity in the 1935 pool.

October 31 Final Date

Producers are again reminded that all soil conserving crops must have been planted before November 1st if they are to comply with the provisions for payment. In the event a soil-conserving or soil-building practice was substituted in lieu of soil conserving crop, such practice must have been fully complied with before November 1st.

Terracing

Many farmers are using their spare time to a good advantage. Terracing, which is encouraged by the new program, is rapidly gaining favor with farmers. Although the fall terracing season has just begun, the County Agent has run approximately 10,000 yards of terrace lines, and has many appointments booked ahead. It really looks as if Milam County farmers are starting an earnest campaign to keep their soil on their farms instead of allowing the rich top-soil to join the "run away" farms and float down streams to the sea.

Geo. Banzhaf,
County Agent.

BAPTIST W. M. S.

The W. M. S. of the First Baptist Church met Monday afternoon for mission study program, with Mrs. J. C. Martin as leader.

It was decided to hold cottage prayer meeting each afternoon this week preparatory to the revival which begins Sunday, October 25, with Dr. Culp conducting.

OLD POEM WRITTEN BY FORMER PASTOR, NOW DEAD, REVIVED

Rev. Walter Harbin, former pastor of the First Methodist Church in Cameron, who was found dead in his home in San Antonio last week, was a widely known author. In recent years he had conducted a school for writers, finding an outlet for manuscripts in New York.

While pastor here he wrote a poem and dedicated it to the late W. T. Hefley. The poem, now the property of Mrs. Bessie Hefley, former postmaster, was brought to the Herald this week by Mrs. J. D. Hefley and the paper is pleased to print it for the memory many hold for the former brilliant pastor of the church here. It reads as follows:

"WHEN I TREAD THE STREETS OF GOLD"

The Old Man Thinks of Heaven
Jesus, I am growing old,
Soon I'll tread the streets of gold,
Slower beats my heart today,
Life is ebbing fast away;
But a springtime waits for me
Just beyond the silent sea,
And I shall no more be old,
When I tread the streets of gold.

There's a city fair, I know
Where the waters softly flow;
Where amidst unending day,
Angel voices sing away.
And that vision in my heart
Dries my tears ere yet they start—
All that glory I'll behold
When I tread the streets of gold.

Eyes that beamed so brightly here,
Brighter beaming wait me there;
Tongues my soul to music stirred,
There in sweeter song are heard;
Baby hands, so small and white,
Beckon there across the night—
Those sweet hands again I'll hold,
When I tread the streets of gold.

Gray haired father, true and strong;
Mother, loved and missed so long;
Friends whose hearts once all my own
Left my heart to weep alone—
By the gentle river's side
With my Savior they abide—
Loving arms shall me enfold,
When I tread the streets of gold.

There a springtime waits for me
Just beyond the silent sea
And I shall no more grow old
When I tread the streets of gold.

There shall be no night there
And they shall bring the glory and the
Honor of the nations into it—
And there shall be no curse—
For the Lord giveth them light.
—The Revelation of Saint John.

salary of Six Thousand (\$6000) annually.

H. J. R. NO. 9

Limiting the representation of the larger cities is the clear intent of H. J. R. No. 9 relating to the apportionment of the State Representatives for the counties of the State whose population exceeds seven hundred thousand (700,000) people, B. P. Matocha, Secretary of State, declares.

It is provided by this amendment that no county in this state shall be entitled to have under any apportionment more than seven (7) Representatives in the State Legislature unless the population of such county shall exceed seven hundred thousand (\$700,000) people as ascertained by the most recent United States Census. In the event a county shall have a population in excess of seven hundred thousand (700,000) people, then such county shall be entitled to one additional representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census.

This Amendment also provides that no district shall be created which would permit any county to have more than seven (7) Representatives except under the above conditions.

Simply speaking, H. J. R. No. 9 would limit the number of Representatives in the State Legislature to not more than seven (7) from any county unless that county had a population of more than seven hundred thousand (700,000). In that case, one more would be allowed for every one hundred thousand (100,000) above the seven hundred thousand (700,000).

play Conoley failed to complete a pass to Cain and on the last down Cain kicked to Cameron's 25 yard line where the ball was killed by Phelke.

Cameron's Ball

McLean led off with a 2 yard gain through the center of the line, following with a 5 yard gain on a spin play. After failing to gain on the third down, McLean kicked to Taylor's 22 yard line where the ball was killed by Poole. Taylor was penalized giving Cameron a first down and the play went over with Turner crashing through the center of the line for 9 yard gain, but Cameron was penalized and the play went over again with peek going around left end for a 4 yard gain. On the second down McLean, quick-kicked to Taylor's 4 yard line where the ball was killed by Poole.

Taylor's Ball

Conoley, striving for a touchdown, was able only to gain one yard at center in the first play and 4 yards in the second. In the next play he lost a yard at right end, after which Cain kicked to McLean who received the ball on his 35 yard line and returned to his 25 yard line. Cameron was penalized 15 yards.

Cameron's Ball

Turner took the pass from center and failed to gain after which McLean ran 30 yards for a touchdown but it was called back and the play went over with Peek losing 2 yards at right end. In the next play Turner picked up a yard at center, followed by McLean kicking to Conoley who received the ball on his 15 yard line and was tackled before he could gain an inch.

Taylor's Ball

With only a few seconds to play, Conoley tried a pass to Cain but it was incomplete. In the next play, Conoley passed again. It was intercepted by McLean who returned the ball to Taylor's 15 yard line as the game ended with the score being: Cameron 19, Taylor 0.

UNWISE FUGITIVE

Monroe, La.—In order that he could "get some rest" W. L. Applin, escaped prisoner from the Ouchita parish jail, took sleeping powder. It was a very unwise move for him to make, however, as he was found asleep near a railroad depot and captured with very little trouble.

SNAKES GO TO SCHOOL
